2nd PUC | St. Charles Women's PU College | **2020**

- Achieved **69%**

SSLC | St. Mary's English High School, Hebbagodi | **2018**

- Achieved **79%**
-

Technical Skills

- Programming: **Java, Python.**
 - Web Development: **HTML, CSS, JavaScript.**
 - Designing Tools: **Figma.**
 - Database Management: **MS Access, MySQL**
 - Soft Skills: **Communication, Problem Solving, Creativity**
-

Hobbies and Interest

- Sketching

Certifications

1. **WEB DEVELOPMENT:** Hands-on experience in web development through coursework and an additional certification course in **HTML, CSS, JavaScript, PHP, MySQL**.
2. **Sony AITRIOS Hackathon 2025: Team: Smart Knitting** Achieved 1st runner-up position in the Sony AITRIOS Hackathon 2025, a competition focused on developing Edge AI and Vision AI solutions for sectors like manufacturing, retail, and logistics. Our team, Smart Knitting, developed an AI-powered fabric defect detection system using Sony's IMX500 image sensor and AITRIOS platform, enabling real-time quality control in textile manufacturing. Contributed to model optimization and system integration, enhancing defect detection accuracy and operational efficiency.

Experience Fresher

Projects

Criminal Spot

- Developed a **Database Management System** using **Visual Basic** and **MS Access** to efficiently manage and retrieve criminal records.
- **Key Features:**
 - User authentication
 - Advanced search function
 - Report generation
 - Case management
- Ensured secure and streamlined record-keeping for law enforcement agencies.

Truth Book

- Designed and implemented a **Personal Data Management System** using **Java** and **MySQL** to organize and maintain information about friends and colleagues.
- **Key Features:**
 - Add, update, delete, and retrieve records
 - Ensured efficient and secure data handling
